

## **2x CleanU® HeatPaxx (Disposable heating pad)**

Heat pad for warming & keeping warm CleanUrin®

With our **Heatpaxx** disposable **heat packs**, cold urine is a thing of the past! Once opened, a heat pack **maintains a temperature** of approx. **38°C** for at least **6 hours**. With these heat pads you have a **new generation of mobile heat!**

### **Facts & benefits:**

- Applicable** at any time
- Maintains a temperature** of approx. **38°C** for at least **6 hours**
- Extremely **light** and **thin**, not bulky and **does not rustle!**
- Based on the natural and harmless process of oxidising iron powder

### **Instructions for use:**

Open the Heatpaxx and remove a heat pad. Now simply stick the heat pad onto the urine bag with the adhesive surface, it will heat up automatically as soon as it comes into contact with oxygen and bring your CleanUrin® to the perfect application temperature.

### **Application:**

SreenyWeeny® and SreenUrinset: Heatpaxx heats all 80ml urine bags while they are being worn in our thermal bag.

### **Scope of delivery:**

2x Heatpaxx disposable heat pads with adhesive surface

### **Ingredients:**

Iron, water, cellulose, activated carbon, vermiculite, salt

### **Attention:**

Disposable, not reusable!

Stick on immediately after opening!
