

CleanU® CleanUrin®, 20 x 25 ml

CleanUrin® - The original from CleanU® - 100% synthetic, 100% authentic.

CleanUrin® is a **100% synthetic urine** that is available in various **pH and creatinine values**. The 25ml CleanUrin® **bags** are very **cosy**, with **rounded corners** and at the same time very **robust**. We also supply our **bags** with practical **special stickers**: to **protect** the bag and because it **simply looks better!** The special sticker disguises your CleanU® bag as a **moisturising hand cream** or **refreshing wipe** 😊. Thanks to the practical **tear-open aid**, they are quiet and **easy to open**, even with clammy hands!

Manufactured and invented in **Germany**, our CleanUrin® has an incredible shelf life of **3 years** "unrefrigerated"!

As natural urine has **different pH and creatinine values** every day (depending on diet and amount drunk), CleanUrin® is available in **three different versions**, which can be recognised by **three different colour codes** (red/yellow/green). All 3 colour codes have the same **high-quality standard**. The best-before date of the pouch is printed on the colour code (MM/YY)

All CleanUrin® bags contain 100% synthetic urine, which corresponds to the urine of a healthy person in all relevant parameters!

Facts & benefits of our CleanUrin® in a 25ml sachet

- mobile, 100% synthetic **fake urine** for **everyday use** and to **protect your privacy**
- Passes all common **falsification tests**
- Becomes **visible** like real urine **under UV light**
- When worn on the body, the temperature remains constant and natural (33-34°C).
- 100% satisfied customers** since 2006 (ask your headshop ;)
- In our 2nd company www.synthetic-urine.de we are the European **experts** in **synthetic urine, sweat and saliva** for many research, material tests and other applications

Important notes:

CleanUrin® from CleanU® can be recognised by the original sticker!

Do not expose CleanUrin® to direct sunlight for long periods to avoid colour fading

CleanUrin® is not suitable for consumption and may not be used to manipulate drug tests / controls / examinations / etc. We ask our customers to comply with all applicable laws!
